

Stakeholder Contact Log Report

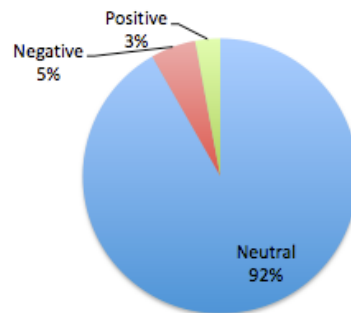

December 2008 – February 2009

Total number of contacts: 170

- Majority from residents
- Mostly information-seeking
- Many stakeholders sounded somewhat informed before contacting us

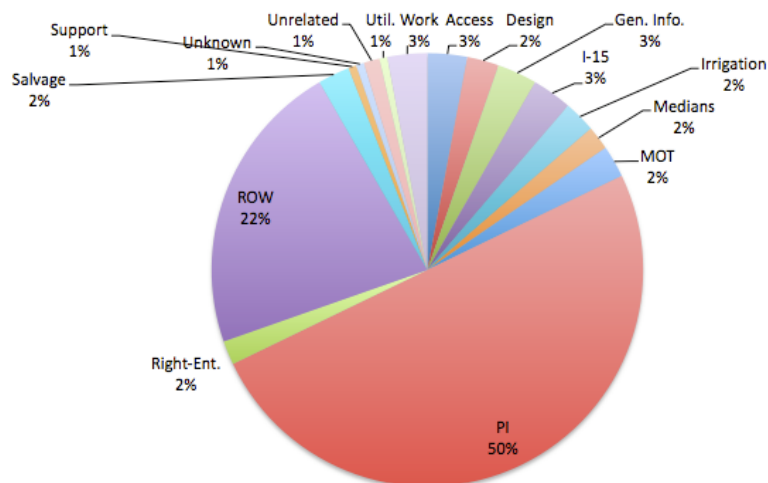

Tone:

- Positive comments were related to excitement for the project and approval of designs
- Negative comments were related to overall design (esp. shift at 2700 West), dust, rude worker, right to enter issues, right-of-way issues

Topics:

- More than 50% were PI-related
- One-third were ROW-related
- Remainder were split among many different topics

Sample Comments:

- Right of Way
 - “I just wanted to check the status at X.”
- Access
 - “Wanted to know about access to Wal-Mart during construction.”
- I-15
 - “What kind of I-15 improvements will be made with the project?”
- Medians
 - “Where will the exact locations of medians be?”
- Irrigation
 - “How are we going to get our irrigation?”
